CHAIRMAN'S MESSAGE

Dear Shareholders,

It gives me immense pleasure to welcome you all on behalf of the esteemed members of the Board to the First (01st) Annual General Meeting (AGM) of Ircan Bhoj Morbe Expressway Limited (IrcanBMEL). The Directors' Report and the Audited Financial Statements for the period from 06th January, 2022 to 31st March, 2023, are already with you and with your kind permission, I take them as read. I would like to express my sincere gratitude for making it convenient for attending the AGM.

Ircan International Limited ("IRCON") has been awarded the work of construction of Eight Lane access-controlled Expressway from Km 69.800 to Km 79.783 (Bhoj to Morbe Section - SPUR of Vadodara Mumbai Expressway) in the State of Maharashtra on Hybrid Annuity Mode under Bharatmala Pariyojana (Phase II – Pkg XVII) ('the Project') by National Highway Authority of India (NHAI). In terms of condition stipulated in Letter of Award issued by NHAI, IRCON has incorporated your Company as its wholly-owned subsidiary and a Special Purpose Vehicle for execution of the Project.

I would like to place before you, few highlights of your Company, IrcanBMEL.

IrcanBMEL has signed Concession Agreement with NHAI on 18th February, 2022. The concession period of the Project comprises of construction period of 910 days from the appointed date, i.e. 19th January, 2023 and operation period of 15 years commencing from Commercial Operation Date (COD).

As per Concession Agreement, the Bid Project Cost is Rs.1,436.00 crore plus GST(excluding escalation). The 40% of the project bid cost shall be reimbursed by NHAI during construction phase and balance 60% will be receivable after construction in the form of Annuity. The company will finance the cost of project by way of debt of Rs.823.39 crore & equity of

Rs.205.85 crore. In respect of debt, Bank of Baroda (BOB) has sanctioned the term loan of Rs.823.39 crore. During the financial year, total equity of Rs.6.77 crore has been infused by Ircan International Limited.

IRCON has been appointed as EPC Contractor for execution of the project work including O&M for five (05) years at EPC price of Rs.1,321.25 crore plus applicable GST. Presently, the construction activities at project has started from the appointed date of 19th January, 2023 and the works are progressing on the available front.

Compliances and Disclosures

Corporate Governance: Compliances and Disclosures under the Companies Act, 2013 and rules thereunder are being fully adhered to by your Company. As per Office Memorandum dated 10th July 2014 and 11th July 2019 issued by Department of Public Enterprises (DPE), CPSEs constituted as Special Purpose Vehicle (SPV) are exempted from compliance of the DPE Guidelines on Corporate Governance for CPSEs. Hence, these are not applicable on your company.

Memorandum of Understanding (MoU): Your Company has requested IRCON to grant it exemption from compliance of Annual MoU exercise for the financial year 2022-23 and 2023-24, in line with the Memorandum of Understanding (MoU) Guidelines issued by Department of Public Enterprises (DPE) dated 10th March, 2023 and IRCON vide its letters dated 07th November, 2022 and 06th February, 2023 has granted exemption to the Company from compliance of Annual MOU exercise for the financial year 2022-23 and 2023-24 respectively.

Acknowledgements

I, on behalf of Board of Directors, express my heartfelt thanks for the valuable assistance and co-operation extended to the Company by MoRTH, NHAI, Ircan International Limited, Auditors of the Company and all those who have supported and guided us during the year. I express my deep gratitude to employees for their dedication, intellect, hard work. And last, but not least, I would like to thank my colleagues on the Board for their guidance and continuous support.

We look forward to your continued support in our journey ahead.

INDEPENDENT AUDITORS'REPORT

TO THE MEMBERS OF IRCON BHOJ MORBE EXPRESSWAY LIMITED

Report on the Audit of the IndAS Financial Statements

Opinion

We have audited the Ind AS financial statements of **IRCON BHOJ MORBE EXPRESSWAY LIMITED** (the "company"), which comprise the Balance Sheet as at 31st March 2023, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the period from 06th January 2022 (Date of incorporation) to 31st March 2023, and the notes to the Financial Statements, including a summary of the significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2023, the profit and loss and total comprehensive income, changes in equity and its cash flows for the period from 06th January 2022 (Date of incorporation) to 31st March 2023.

Basis for Opinion

We conducted our audit of the Ind AS financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Ind AS Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules made there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Ind AS Financial Statements of the current financial period from 06th January 2022 (Date of incorporation) to 31st March 2023. These matters were addressed in the context of our audit of the Ind AS financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined that there are no Key Audit Matters to communicate in our report.

Information Other than the Ind AS Financial Statements and Auditor's Report thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Company's annual report but does not include the Ind AS financial statements and our auditor's report thereon.

Our opinion on the Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Ind AS financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Ind AS financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian accounting Standards (Ind AS) specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended from time to time.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Ind AS financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Ind AS financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the **Annexure A**, a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:
 - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c. The Balance Sheet, the Statement of Profit and Loss (including Other Comprehensive Income), and the Statement of Cash Flows and the Statement of Change in Equity dealt with by this Report are in agreement with the books of account.
 - d. In our opinion, the aforesaid Ind AS financial statements comply with the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015.

- e. Being a government company, provision of section 164(2) of the Act are not applicable pursuant to the notification No. G.S.R.463(E) dated 5th June 2015, issued by the Central Government of India.
- f. With respect to the adequacy of the internal financial controls over financial reporting of the company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".
- g. Being a government company, provision of section 197 of the Act are not applicable vide notification no. GSR 463 (E) dated 5th June 2015, issued by the Central Government of India.
- h. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014 as amended, in our opinion and to the best of our information and according to the explanations given to us:
- i. The Company does not have any pending litigations which would have a material impact on its financial position.
 - ii. Based on the assessment made by the Company, there are no material foreseeable losses on long-term contracts that may require any provisioning. The Company did not have any derivative contracts for which there were any material foreseeable losses.
 - iii. There were no amounts which were required to be transferred, to the Investor Education and Protection Fund by the Company
- iv. (a) The Management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
- (b) The Management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and

(c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.

v. The Company has not declared or paid any final or interim dividend during the period from 06th January 2022 (Date of incorporation) and until the date of this report, therefore, the reporting under clause is not applicable.

3. As required by Section 143(5) of the Act and as per directions issued by Comptroller and Auditor General of India, we report that:

S.No	Directions	Auditor's Replies
	Whether the company has system in place to process all the accounting transactions through IT system? If yes, the implications of processing of accounting transactions outside IT system on the Integrity of the accounts along with the financial implications, if any, may be stated.	Company is using SAP system to process all the accounting transactions. As per the information and explanation provided to us, no accounting transactions have been processed outside the IT System.

ANNEXURE 'A' TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report to the Members of IRCON BHOJ MORBE EXPRESSWAY LIMITED of even date)

To the best of our information and according to the explanations provided to us by the Company and the books of account and records examined by us in the normal course of audit, we state that:

- i. (a) The Company does not have any Property, Plant and Equipment (PPE), intangible assets or immovable property for the period from 06th January 2022 (Date of incorporation) to 31st March 2023, hence reporting under clause 3 (i) (a) to (e) of the order is not applicable.
- ii. (a) The Company has no inventories during the reporting period from 06th January 2022 (Date of incorporation) to 31st March 2023. Hence, reporting under clause 3 (ii) (a) of the Order is not applicable to the Company.
(b) The Company has not been sanctioned any working capital limits at any points of time during the period from 06th January 2022 (Date of incorporation) to 31st March 2023, hence reporting under clause 3 (ii) (b) of the Order is not applicable.
- iii. The Company has not made investments in, provided any guarantee or security, granted any loan or advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships, and any other parties, during the period from 06th January 2022 (Date of incorporation) to 31st March 2023. Hence, reporting under Paragraph 3(ii) (a), (b), (c), (d), (e) and (f) of the order is not applicable to the Company.
- iv. The Company has not granted loan, made investment, and provided guarantee and security to which the provisions of section 185 and 186 of the Companies Act, 2013 are attached. Hence, reporting under Paragraph 3(iv) of the order is not applicable to the Company.
- v. The Company has not accepted any deposit or amounts which are deemed to be deposits from the public and therefore, the directives issued by the Reserve Bank of India and the provisions of section 73 to 76 or any other relevant provision of the Companies Act, 2013, and rules framed there under, are not applicable. Hence, reporting under clause 3(v) of the Order is not applicable.
- vi. The Company is not required to maintain cost records under section 148(1) of the Companies Act, 2013.
- vii. In respect of statutory dues:
(a) In our opinion, the Company has generally been regular in depositing undisputed statutory dues, including Goods and Services tax, Provident Fund, Employees' State Insurance, Income Tax, Sales Tax, Service Tax, duty of Custom, duty of Excise, Value Added Tax, Cess and other material statutory dues applicable with the appropriate authorities. There were no undisputed amounts payable in respect of Goods and Service tax, Provident Fund, Employees' State Insurance, Income Tax, Sales Tax, Service Tax, duty of Custom, duty of Excise, Value Added Tax, Cess and other material statutory dues in arrears as at March 31, 2023 for a period of more than six months from the date they became payable.

- (b) According to the information and explanation given to us, and as per examination of records of the Company, there is no amount payable in respect of Goods and Services tax, Provident Fund, Employees' State Insurance, Income Tax, Sales Tax, Service Tax, duty of Custom, duty of Excise, Value Added Tax, Cess, which have not been deposited as on March 31, 2023 on account of any disputes.
- viii. There were no transactions relating to previously unrecorded income that have been surrendered or disclosed as income during the period from 06th January 2022 (Date of incorporation) to 31st March 2023 in the tax assessments under the Income Tax Act, 1961(43 of 1961).
- ix. (a) The Company does not have any loan or other borrowing during the period from 06th January 2022 (Date of incorporation) to 31st March 2023, hence, reporting under clause 3 (ix) (a) of the Order is not applicable.
- (b) The Company does not have any loan or other borrowing during the period from 06th January 2022 (Date of incorporation) to 31st March 2023, hence, reporting under clause 3 (ix) (b) of the Order is not applicable.
- (c) The Company does not have any loan or other borrowing during the period from 06th January 2022 (Date of incorporation) to 31st March 2023, hence, reporting under clause 3 (ix) (c) of the Order is not applicable.
- (d) The Company has not raised any funds on short-term basis and hence, reporting under clause 3 (ix) (d) of the Order is not applicable.
- (e) The Company does not have investment in subsidiaries, associates or joint ventures during the period from 06th January 2022 (Date of incorporation) to 31st March 2023 and hence, reporting under clause 3 (ix) (e) of the Order is not applicable.
- (f) The Company does not have investment in subsidiaries, associates or joint ventures during the period from 06th January 2022 (Date of incorporation) to 31st March 2023 and hence, reporting on clause 3(ix)(f) of the Order is not applicable.
- x. (a) The Company has not raised moneys by way of initial public offer or further public offer (including debt instruments) during the period from 06th January 2022 (Date of incorporation) to 31st March 2023 and hence reporting under clause 3(x) (a) of the Order is not applicable.
- (b) During the period from 06th January 2022 (Date of incorporation) to 31st March 2023, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully or partly or optionally) and hence reporting under clause 3(x)(b) of the Order is not applicable.
- xi. (a) According to information and explanation given to us, no fraud by the Company and no fraud on the Company has been noticed or reported during the course of audit.
- (b) No report under sub-section (12) of section 143 of the Companies Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the period from 06th January 2022 (Date of incorporation) to 31st March 2023 and up to the date of this report.
- (c) No whistle blower complaints received by the Company during the period from 06th January 2022 (Date of incorporation) to 31st March 2023 (and up to the date of this report).

- xii. The Company is not a Nidhi Company and hence reporting under clause (xii) (a), (b) and (c) of the Order is not applicable.
- xiii. In our opinion, the Company is in compliance with Section 177 and 188 of the Companies Act, 2013 with respect to applicable transactions with the related parties and the details of related party transactions have been disclosed in the financial statements as required by the applicable accounting standards.
- xiv. According to the information and explanation given to us, the Company does not require to have an internal audit system as per the provisions of the Companies Act, 2013. Hence, reporting under clause (xiv) (a) and (b) of the Order is not applicable.
- xv. In our opinion during the period from 06th January 2022 (Date of incorporation) to 31st March 2023, the Company has not entered into any non-cash transactions with its Directors or persons connected with its directors. and hence provisions of section 192 of the Companies Act, 2013 are not applicable to the Company.
- xvi. In our opinion, the Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, reporting under clause 3(xvi) (a), (b), (c) and (d) of the Order is not applicable.
- xvii. The Company has not incurred cash losses during the period from 06th January 2022 (Date of incorporation) to 31st March 2023 covered by our audit and in the immediately preceding financial period from 06th January 2022 (Date of incorporation) to 31st March 2023.
- xviii. There has been no resignation of the statutory auditors of the Company during the period from 06th January 2022 (Date of incorporation) to 31st March 2023. Accordingly, clause 3(xviii) of the Order is not applicable.
- xix. On the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.
- xx. The Company has not exceeded the limits prescribed under section 135 of the Companies Act, 2013 since its incorporation and hence, the Company is not required to transfer to a fund specified in schedule VII to the Companies Act in compliance with second proviso to sub section (5) of section 135 of the said Act. Accordingly reporting under clause 3(xx) (a) and (b) of the order is not applicable for the period from 06th January 2022 (Date of incorporation) to 31st March 2023.

xxi. The Company does not have investment in subsidiaries, associates or joint ventures and therefore, company has not prepared consolidated financial statements. Accordingly, reporting under clause 3(xxi) of the order is not applicable.

Annexure B” to the Independent Auditors’ Report of even date on the Ind AS Financial Statements of IRCON BHOJ MORBE EXPRESSWAY LIMITED for the period from 06th January 2022 (Date of incorporation) to 31st March 2023

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of **IRCON BHOJ MORBE EXPRESSWAY LIMITED** (“the Company”) as of March 31, 2023 in conjunction with our audit of the Ind AS financial statements of the Company for the period from 06th January 2022 (Date of incorporation) to 31st March 2023.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on, “the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI)”. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor’s Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2023, "based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India".

1. Company Information and Significant Accounting Policies

A. Reporting Entity

Ircon Bhoj Morbe Expressway Limited (the “Company”) is domiciled and incorporated in India and is a wholly owned subsidiary of Ircon International Limited (IRCON), public sector construction company domiciled in India. The Company (CIN U45203DL2022GOI392148) is incorporated under the provisions of the Companies Act, 2013 applicable in India.

The Company came into existence when IRCON was awarded the work of “Construction of Eight lane access controlled expressway from KM 69.800 to KM 79.783 (Bhoj to Morbe Section- SPUR of Vadodara Mumbai Expressway) in the State of Maharashtra on Hybrid Annuity Mode under Bharatmala Pariyojna (Phase- II – Package-XVII). In pursuant to the provisions of “Request for Proposal”, the selected bidder ‘IRCON’ has formed a Special Purpose Vehicle (SPV) named Ircon Bhoj Morbe Expressway Limited as wholly owned subsidiary of IRCON, incorporated on 06.01.2022. Accordingly, the Company has signed the Concession Agreement with NHAI on 18th Feb’ 2022 for the project value amounting to Rs 1436 Crore. The Concession period is 15 years from Commercial Operation Date (COD) and Construction period is 910 days from Appointed Date. The registered office of the company is located at C-4, District Centre, Saket, New Delhi- 110017.

The presentation and functional currency of the company is Indian Rupees (INR). Figures in financial statements are presented in lakhs, by rounding off up to two decimals except for per share data and as otherwise stated.

The financial statements are approved for issue by the company's Board of Directors in their meeting held on 12.05.2023.

B. Basis of preparation

The financial statements of the Company have been prepared in accordance with accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) notified under section 133 of the Companies Act, 2013 read together with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time) and presentation requirements of Division II of Schedule III to the Companies Act, 2013, (Ind AS compliant Schedule III), as applicable to the financial statements.

The financial statements have been prepared on a going concern basis following accrual system of accounting. The Company has adopted the historical cost basis for assets and liabilities, except for the following assets and liabilities which have been measured at fair value:

- Provisions, where the effect of time value of money is material are measured at present value
- Certain financial assets and liabilities measured at fair value
- Defined benefit plans and other long-term employee benefits

C. Significant Accounting Policies

A summary of the significant accounting policies applied in the preparation of the financial statements are as given below. These accounting policies have been applied consistently to all periods presented in the financial statements.

1. Current vs non-current classification

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification.

An asset is treated as current when it is:

- Expected to be realized or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realized within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

The Company classifies all other assets as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for atleast twelve months after the reporting period

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realization in cash and cash equivalents. The Company has identified twelve months as its operating cycle.

2. Property, plant and equipment

2.1 Recognition and Initial Measurement

Property, plant and equipment is recognized when it is probable that future economic benefits associated with the item will flow to the Company and the cost of each item can be measured reliably. Property, plant and equipment are initially stated at their cost.

Cost of asset includes

- a) Purchase price, net of any trade discount and rebates
- b) Borrowing cost if capitalization criteria is met
- c) Cost directly attributable to the acquisition of the assets which incurred in bringing asset to its working condition for the intended use
- d) Incidental expenditure during the construction period is capitalized as part of the indirect construction cost to the extent the expenditure is directly related to construction or is incidental thereto.
- e) Present value of the estimated costs of dismantling & removing the items & restoring the site on which it is located if recognition criteria are met.

Freehold land is carried at historical cost.

2.2 Subsequent measurement

Property, plant and equipment are subsequently measured at cost net of accumulated depreciation and accumulated impairment losses, if any. Subsequent expenditure is capitalized if it is probable that future economic benefits associated with the expenditure will flow to the Company and cost of the expenditure can be measured reliably.

Cost of replacement, major inspection, repair of significant parts and borrowing costs for long-term construction projects are capitalized if the recognition criteria are met.

The machinery spares are capitalized if recognition criteria are met.

2.3 Depreciation and useful lives

Depreciation on property, plant and equipment, excluding freehold land and leasehold land acquired on perpetual lease is provided on straight line basis over the estimated useful lives of the assets as specified in schedule II of the Companies act, 2013.

However, in case of certain class of assets, the Company uses different useful life than those prescribed in Schedule II of the Companies Act, 2013. The useful life has been assessed based on technical evaluation, taking into account the nature of those classes of assets, the estimated usage of the asset on the basis of the management's best estimation of getting economic benefits from the asset. The estimated useful life as per the technical evaluation viz-a-viz Schedule II of the Companies Act, 2013 has been disclosed in the notes to accounts.

Depreciation on additions to/deductions from property, plant and equipment during the period is charged on pro-rata basis from/up to the date on which the asset is available for use/disposed.

Each part of an item of Property, Plant and Equipment is depreciated separately if the cost of part is significant in relation to the total cost of the item and useful life of that part is different from the useful life of remaining asset. Leasehold land acquired on perpetual lease is not amortized.

Property plant and equipment acquired during the period, individually costing up to Rs. 5000/- are fully depreciated, by keeping Re. 1 as token value for identification. However, Mobile phones provided to employees are charged to statement of profit and loss irrespective of its value.

Depreciation methods, useful lives and residual values are reviewed at each financial year-end and adjusted prospectively, if appropriate. "Ordinarily, the residual value of an asset is up to 5% of the original cost of the asset" as specified in Schedule II of the Companies Act, 2013.

2.4 Derecognition

An item of property, plant and equipment and any significant part initially recognized is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the statement of profit and loss when the asset is derecognized.

3. Impairment of non-financial assets

At each reporting date, the Company assesses, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use.

Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount and the impairment loss, including impairment on inventories are recognized in the statement of profit and loss.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset.

For assets excluding goodwill, an assessment is made at each reporting date to determine whether there is an indication that previously recognized impairment losses no longer exist or have decreased. If such indication exists, the Company estimates the asset's or CGU's recoverable amount. A previously recognized impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognized. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognized for the asset in prior period. Such reversal is recognized in the statement of profit and loss.

4. Revenue recognition

Service Concession Arrangements (Appendix D to Ind AS 115 – Revenue from Contracts with Customers)

The Company constructs the infrastructure (road) used to provide a public service and operates and maintains that infrastructure for a specified period of time. Under Appendix D to Ind AS 115 – Revenue from Contracts with Customers, this arrangement is accounted for based on the nature of consideration.

The Company recognise a financial asset to the extent that it has an unconditional contractual right to receive cash or another financial asset from or at the direction of the grantor (“NHAI”) for the construction services and Operation & Maintenance services.

The Company recognizes and measures revenue from construction and Operation & Maintenance services in accordance with Ind AS -115 “Revenue from Contracts with Customers”.

Company combine the two or more contracts entered into at or near the same time with the same customer and account for the contracts as a single contract if contracts are negotiated as a package with a single commercial objective or amount of consideration to be paid in one contract depends on the price or performance of the other contract or goods or services promised in the contracts are single performance obligation.

Transaction price (it does not involve significant financing component) is the price which is contractually agreed with the customer for provision of services. Revenue is measured at the transaction price that is allocated to the performance obligation and it excludes amounts collected on behalf of third parties i.e. GST and is adjusted for variable considerations.

The nature of Company's contract gives rise to several types of variable consideration including escalation and liquidated damages. The Company recognizes revenue for variable consideration when it is probable that a significant reversal in the amount cumulative revenue recognized will not occur. The company estimates the amount of revenue to be recognized on variable consideration using most likely amount method.

Any subsequent change in the transaction price is then allocated to the performance obligations in the contract on the same basis as at contract inception.

Consequently, amounts allocated to a satisfied performance obligation are recognized as revenue, or as a reduction of revenue, in the period in which the transaction price changes.

The company satisfies a performance obligation and recognizes the revenue over time, if any of the following criteria is met:

- a) The customer simultaneously receives and consumes the benefits provided by the entity's performance as the entity perform.
- b) The entity's performance creates or enhances an asset (for example, work in progress) that the customer controls as the asset is created or enhanced or
- c) The entity's performance does not create an asset with an alternative use to the entity and the entity has an enforceable right to payment for performance completed to date.

For performance obligation satisfied over time, the revenue recognition is done by measuring the progress, using percentage completion method, towards complete satisfaction of performance obligation. The progress is measured in terms of a proportion of actual cost incurred to-date, to the total estimated cost attributable to the performance obligation. However, where the Company is not be able to reasonably measure the outcome of a performance obligation, but the Company expects to recover the costs incurred in satisfying the performance obligation, the Company recognize revenue only to the extent of the costs incurred until such time that it can reasonably measure the outcome of the performance obligation. A cumulative catch-up adjustment would be recognized in the period in which the entity is able to reasonably measure its progress.

Performance obligation is measured by applying input method. In the contracts where performance obligation cannot be measured by input method, the output method is applied, which faithfully depict the Company's performance towards complete satisfaction of the performance obligation.

Contract modifications are accounted for when additions, deletions or changes are approved either to the contract scope or contract price.

The accounting for modifications of contracts involves assessing whether the services added to the existing contract are distinct and whether the pricing is at the standalone selling price. Services added that are not distinct are accounted for on a cumulative catch up basis, while those that are distinct are accounted for prospectively, either as a separate contract, if additional services are priced at the standalone selling price, or as a termination of existing contract and creation of a new contract if not priced at the standalone selling price.

4.1 Contract balances

- **Contract assets:** A contract asset is the right to consideration in exchange for goods or services transferred to the customer. If the Company performs by transferring goods or services to a customer before the customer pays consideration or before payment is due, a contract asset is recognized for the earned consideration that is conditional.

- **Trade receivables:** A receivable represents the Company's right to an amount of consideration that is unconditional (i.e., only the passage of time is required before payment of the consideration is due).
- **Contract liabilities** A contract liability is the obligation to transfer goods or services to a customer for which the Company has received consideration (or an amount of consideration is due) from the customer. If a customer pays consideration before the Company transfers goods or services to the customer, a contract liability is recognized when the payment is made, or the payment is due (whichever is earlier). Contract liabilities are recognized as revenue when the Company performs under the contract.

4.2 Other income

- Dividend income is recognized when the right to receive payment is established.
- Interest income is recognized using Effective Interest rate method.
- Miscellaneous income is recognized when performance obligation is satisfied and right to receive the income is established as per terms of contract.

5. Borrowing cost

Borrowing costs consist of interest and other costs that the Company incurs in connection with the borrowing of funds. Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period to get ready for its intended use or sale are capitalized as part of the cost of the asset. All other borrowing costs are charged to statement of profit and loss as incurred. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

6. Taxes

6.1 Current income Tax

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities in accordance with relevant tax regulations. Current tax is determined as the tax payable in respect of taxable income for the period and is computed in accordance with relevant tax regulations. Current income tax is recognized in statement of profit and loss except to the extent it relates to items recognized outside profit or loss in which case it is recognized outside profit or loss (either in other comprehensive income or in equity). Current tax items are recognized in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

6.2 Deferred Tax

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

8.2 Post-employment benefits

The Post-employment benefits & other long term Employee Benefits are considered as per the guidelines of Ircon International Limited, the Holding Company, for the employees on the deputation from the Holding Company. And there is no post-employment benefits to the contractual employees.

9. Cash and cash equivalents

Cash and cash equivalent include cash on hand, cash at banks and short-term deposits with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of change in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of unrestricted cash and short-term deposits, as defined above as they are considered an integral part of the Company's cash management.

10. Dividend

Dividends and interim dividends payable to the Company's shareholders are recognized as changes in equity in the period in which they are approved by the shareholders and the Board of Directors respectively.

11. Provisions, contingent assets and contingent liabilities

11.1 Provisions

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. The amount recognized as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, considering the risk and uncertainties surrounding the obligation.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

Provisions recognized by the Company include provisions for Maintenance, Legal Cases, Corporate Social Responsibility (CSR), Onerous Contracts and others.

11.2 Onerous contracts

An onerous contract is a contract under which the unavoidable costs (i.e., the costs that the Company cannot avoid because it has the contract) of meeting the obligations under the contract exceed the economic benefits expected to be received under it. The unavoidable costs under a contract reflect the least net cost of exiting from the contract, which is the lower of the cost of fulfilling it and any compensation or penalties arising from failure to fulfil it. If the Company has a contract that is onerous, the present obligation under the contract is recognized and measured as a provision. However, before a separate provision for an onerous contract is established, the Company recognizes any impairment loss that has occurred on assets dedicated to that contract.

These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates.

11.3 Contingent liabilities

Contingent liabilities are disclosed when there is a possible obligation or present obligations that may but probably will not, require an outflow of resources embodying economic benefits or the amount of such obligation cannot be measured reliably. When there is possible obligation or a present obligation in respect of which likelihood of outflow of resources embodying economic benefits is remote, no provision or disclosure is made.

These are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

11.4 Contingent assets

Contingent assets are not recognized though are disclosed, where an inflow of economic benefits is probable.

12. Leases

The Company assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period in exchange for consideration.

12.1 Company as a lessee

The Company applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Company recognizes lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

12.1.1 Right-of-use assets

The Company recognizes right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any re-measurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognized, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets.

If ownership of the leased asset transfers to the Company at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset.

The right-of-use assets are also subject to impairment.

12.1.2 Lease liabilities

At the commencement date of the lease, the Company recognizes lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Company and payments of penalties for terminating the lease, if the lease term reflects the Company exercising the option to terminate. Variable lease payments that do not depend on an index or a rate are recognized as expenses (unless they are

incurred to produce inventories) in the period in which the event or condition that triggers the payment occurs.

In calculating the present value of lease payments, the Company uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is re-measured if there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

The Company's lease liabilities are included in financial liabilities

12.1.3 Short term lease and leases of low value assets

The Company applies the short-term lease recognition exemption to its short-term leases contracts including lease of residential premises and offices (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases of office equipment that are considered to be low value. Lease payments on short-term leases and leases of low-value assets are recognized as expense on a straight-line basis over the lease term.

12.2 Company as a lessor

Leases in which the Company does not transfer substantially all the risks and rewards incidental to ownership of an asset are classified as operating leases. Rental income arising is accounted for on a straight-line basis over the lease terms and is included in revenue in the statement of profit or loss due to its operating nature. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognized over the lease term on the same basis as rental income. Contingent rents are recognized as revenue in the period in which they are earned.

13. Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

13.1 Financial assets

13.1.1 Initial recognition and measurement

All Financial assets are recognised initially at fair value plus or minus transaction cost that are directly attributable to the acquisition or issue of financial assets (other than financial assets at fair value through profit and loss). Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in statement of profit and loss.

13.1.2 Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in four categories:

13.1.2.1 Debt instruments at amortised cost

A 'debt instrument' is measured at the amortised cost if both the following conditions are met:

- a. The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- b. Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included in finance income in the profit or loss. The losses arising from impairment are recognized in the profit or loss. This category generally applies to trade and other receivables.

13.1.2.2 Debt instruments at FVTOCI

A 'debt instrument' is classified as at the FVTOCI if both of the following criteria are met:

- a. The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets, and
- b. Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

Debt instruments included within the FVTOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognized in the other comprehensive income (OCI). However, the Company recognizes interest income, impairment losses & reversals and foreign exchange gain or loss in the statement of profit and loss. On derecognition of the asset, cumulative gain or loss previously recognized in OCI is reclassified from the equity to statement of profit and loss. Interest earned whilst holding FVTOCI debt instrument is reported as interest income in statement of profit and loss using the EIR method.

13.1.2.3 Debt instruments at FVTPL

FVTPL is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as at FVTPL.

Debt instruments included within the FVTPL category are measured at fair value with all changes recognized in the statement of profit and loss.

13.1.2.4 Equity instruments

All equity investments in scope of Ind AS 109 are measured at fair value. Equity instruments which are held for trading classified as at FVTPL. For all other equity instruments, the Company may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value. The Company makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

If the Company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to statement of profit and loss, even on sale of investment. However, the Company may transfer the cumulative gain or loss within equity.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the Statement of profit and loss.

13.2 Impairment of financial assets

Expected Credit Loss is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the entity expects to receive (i.e., all cash shortfalls), discounted at the original EIR.

In accordance with Ind AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

- a. Financial assets that are debt instruments, and are measured at amortised cost e.g., loans, debt securities, deposits, trade receivables and bank balance
- b. Financial assets that are debt instruments and are measured as at FVTOCI
- c. Lease receivables under Ind AS 116
- d. Trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 115
- e. Loan commitments which are not measured as at FVTPL
- f. Financial guarantee contracts which are not measured as at FVTPL

The Company follows 'simplified approach' for recognition of impairment loss allowance on:

- Trade receivables or contract revenue receivables; and
- All lease receivables resulting from transactions within the scope of Ind AS 116

The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognizes impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

For recognition of impairment loss on other financial assets and risk exposure, the Company determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognizing impairment loss allowance based on 12-month ECL.

Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial asset. The 12-month ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months after the reporting date.

ECL impairment loss allowance (or reversal) recognized during the period is recognized as income/expense in the statement of profit and loss. This amount is reflected under the head 'other expenses' in the statement of profit and loss. The balance sheet presentation for various financial instruments is described below:

- Financial assets measured as at amortised cost, contractual revenue receivables and lease receivables: ECL is presented as an allowance, i.e., as an integral part of the measurement of those assets in the balance sheet. The allowance reduces the net carrying amount. Until the asset meets write-off criteria, the Company does not reduce impairment allowance from the gross carrying amount.
- Loan commitments and financial guarantee contracts: ECL is presented as a provision in the balance sheet, i.e. as a liability.
- Debt instruments measured at FVTOCI: For debt instruments measured at FVOCI, the expected credit losses do not reduce the carrying amount in the balance sheet, which remains at fair value.

Instead, an amount equal to the allowance that would arise if the asset was measured at amortized cost is recognized in other comprehensive income as the ‘accumulated impairment amount’.

The Company does not have any purchased or originated credit-impaired (POCI) financial assets, i.e., financial assets which are credit impaired on purchase/ origination.

13.3 Derecognition of financial assets

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is derecognized only when the contractual rights to the cash flows from the asset expires or it transfers the financial assets and substantially all risks and rewards of the ownership of the asset.

The difference between the carrying amount and the amount of consideration received / receivable is recognized in the statement of profit and loss.

13.4 Financial liabilities

13.4.1 Initial recognition and measurement

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Company’s financial liabilities include trade and other payables, loans and borrowings other financial liabilities etc.

13.4.2 Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

13.4.2.1 Financial liabilities at fair value through profit or loss

The company has not designated any financial liabilities at FVTPL.

13.4.2.2 Financial liabilities at amortized cost

Loans, borrowings, trade payables and other financial liabilities

After initial recognition, Loans, borrowings, trade payables and other financial liabilities are subsequently measured at amortised cost using the Effective Interest Rate (EIR) method. Gains and losses are recognized in statement of profit or loss when the liabilities are de-recognized as well as through the Effective Interest Rate (EIR) amortization process. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included as finance costs in the statement of profit and loss.

13.4.3 Derecognition of financial liabilities

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the statement of profit and loss.

13.4.4 Financial guarantee contracts

Financial guarantee contracts issued by the Company are those contracts that require a payment to be made to reimburse the holder for a loss it incurs because the specified debtor fails to make a payment when due in accordance with the terms of a debt instrument. Financial guarantee contracts are recognized initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind AS 109 and the amount recognized less cumulative amortization.

13.4.5 Reclassification of financial assets

The Company determines classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets which are equity instruments and financial liabilities. For financial assets which are debt instruments, a reclassification is made only if there is a change in the business model for managing those assets. Changes to the business model are expected to be infrequent. Such changes are evident to external parties. A change in the business model occurs when the Company either begins or ceases to perform an activity that is significant to its operations. If the Company reclassifies financial assets, it applies the reclassification prospectively from the reclassification date which is the first day of the immediately next reporting period following the change in business model. The Company does not restate any previously recognized gains, losses (including impairment gains or losses) or interest.

13.4.6 Offsetting of financial instruments

Financial assets and financial liabilities are offset, and the net amount is reported in the balance sheet if there is a currently enforceable contractual legal right to offset the recognized amounts and there is an intention to settle on a net basis, to realize the assets and settle the liabilities simultaneously.

14. Fair value measurement

The Company measures financial instruments at fair value at each reporting period.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognized in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

External valuers are involved for valuation of significant assets and liabilities, if any. At each reporting date, the Company analyses the movements in the values of assets and liabilities which are required to be remeasured or re-assessed as per the Company's accounting policies.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

Above is the summary of accounting policy for fair value. Other fair value related disclosures are given in the relevant notes.

15. Non – current asset held for sale

Non-current assets (or disposal groups) are classified as assets held for sale when their carrying amount is to be recovered principally through a sale transaction and a sale is considered highly probable. The sale is considered highly probable only when the asset or disposal group is available for immediate sale in its present condition, it is unlikely that the sale will be withdrawn, and sale is expected within one year from the date of the classification. Disposal groups classified as held for sale are stated at the lower of carrying amount and fair value less costs to sell. Property, plant and equipment, investment property and intangible assets are not depreciated or amortized once classified as held for sale. Assets classified as held for sale/distribution are presented separately in the balance sheet.

If the criteria stated by IND AS 105 “Non-current Assets Held for Sale” are no longer met, the disposal group ceases to be classified as held for sale. Non-current asset that ceases to be classified as held for sale are measured at the lower of (i) its carrying amount before the asset was classified as held for sale, adjusted for depreciation that would have been recognized had that asset not been classified as held for sale, and (ii) its recoverable amount at the date when the disposal group ceases to be classified as held for sale. The depreciation reversal adjustment related property, plant and equipment, investment property and intangible assets is charged to statement of profit and loss in the period when non-current assets held for sale criteria are no longer met.

16. Material prior period errors

Errors/omissions discovered in the current year relating to prior periods are treated as immaterial and adjusted during the current year, if all such errors and omissions in aggregate does not exceed 0.50% of total operating revenue as per last audited financial statement of the Company.

17. Operating Segment

Operating segments are reported in the manner consistent with the internal reporting provided to the Chief Operating Decision Maker (CODM). The CODM is responsible for allocating resources and accessing performance of the operating segment of the company.

18. Earnings Per Share

In determining basic earnings per share, the company considers the net profit attributable to equity shareholders. The number of shares used in computing basic earnings per share is the weighted average number of shares outstanding during the period. In determining diluted earnings per share, the net profit attributable to equity shareholders and weighted average number of shares outstanding during the period are adjusted for the effect of all dilutive potential equity shares.

19. Significant accounting estimates and judgments

The estimates used in the preparation of the said financial statements are continuously evaluated by the Company and are based on historical experience and various other assumptions and factors (including expectations of future events), that the Company believes to be reasonable under the existing circumstances. The said estimates are based on the facts and events, that existed as at the reporting date, or that occurred after that date but provide additional evidence about conditions existing as at the reporting date. Although the Company regularly assesses these estimates, actual results could differ materially from these estimates - even if the assumptions underlying such estimates were reasonable when made, if these results differ from historical experience or other assumptions do not turn out to be substantially accurate. The changes in estimates are recognized in the financial statements in the period in which they become known.

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. Actual results could differ from these estimates.

19.1 Allowances for uncollected trade receivables

Trade receivables do not carry interest and are stated at their nominal values as reduced by appropriate allowances for estimated irrecoverable amount are based on ageing of the receivable's balances and historical experiences. Individual trade receivables are written off when management deems not be collectible.

19.1 Contingencies

In the normal course of business, contingent liabilities may arise from litigation and other claims against the Company. There are certain obligations which managements have concluded based on all available facts and circumstances are not probable of payment or difficult to quantify reliably and such obligations are treated as contingent liabilities and disclosed in notes. Although there can be no assurance of the final outcome of legal proceedings in which the Company is involved, it is not expected that such contingencies will have material effect on its financial position.

19.4 Impairment of financial assets

The impairment provision for financial assets are based on assumptions about risk of default and expected loss rates. The company uses judgement in making these assumptions and selecting the inputs to the impairment calculation., based on the Company's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

19.5 Taxes

Uncertainties exist with respect to the interpretation of complex tax regulations, changes in tax laws, and the amount and timing of future taxable income. Given the nature of business differences arising between the actual results and the assumptions made, or future changes to such assumptions, could necessitate future adjustments to tax income and expense already recorded. The Company establishes provisions, based on reasonable estimates. The amount of such provisions is based on various factors, such as experience of previous tax audits and differing interpretations of tax regulations by the taxable entity and the responsible tax authority. Such differences of interpretation may arise on a wide variety of issues depending on the conditions prevailing in the respective domicile of the companies.

Deferred tax assets are recognized for unused tax losses to the extent that it is probable that taxable profit will be available against which the losses can be utilized. Significant management judgement is required to determine the amount of deferred tax assets that can be recognized, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

19.6 Impairment of non-financial assets

Impairment exists when the carrying value of an asset or cash generating unit exceeds its recoverable amount, which is the higher of its fair value less costs of disposal and its value in use. The fair value less costs of disposal calculation is based on available data from binding sales transactions, conducted at arm's length, for similar assets or observable market prices less incremental costs for disposing of the asset. The value in use calculation is based on a DCF model.

19.7 Non-current asset held for sale

Non-current assets (or disposal groups) are classified as assets held for sale when their carrying amount is to be recovered principally through a sale transaction and a sale is considered highly probable. The sale is considered highly probable only when the asset or disposal group is available for immediate sale in its present condition, it is unlikely that the sale will be withdrawn, and sale is expected within one year from the date of the classification.

19.8 Leases - Estimating the incremental borrowing rate

The Company cannot readily determine the interest rate implicit in the lease, therefore, it uses its incremental borrowing rate (IBR) to measure lease liabilities. The IBR is the rate of interest that the Company would have to pay to borrow over a similar term, and with a similar security, the funds necessary to obtain an asset of a similar value to the right-of-use asset in a similar economic environment.

19.9 Determining the lease term of contracts with renewal and termination options – Company as lessee

The Company determines the lease term as the non-cancellable term of the lease, together with any periods covered by an option to extend the lease if it is reasonably certain to be exercised, or any periods covered by an option to terminate the lease, if it is reasonably certain not to be exercised.

The Company has lease contracts that include extension and termination options. The Company applies judgement in evaluating whether it is reasonably certain whether or not to exercise the option to renew or terminate the lease. That is, it considers all relevant factors that create an economic incentive for it to exercise either the renewal or termination. After the commencement date, the Company reassesses the lease term if there is a significant event or change in circumstances that is within its control and affects its ability to exercise or not to exercise the option to renew or to terminate (e.g., construction of significant leasehold improvements or significant customization to the leased asset).

19.10 Revenue recognition

The Company's revenue recognition policy, is central to how the Company values the work it has carried out in each financial year.

These policies require forecasts to be made of the outcomes of Contracts, which require, assessments and judgements to be made on changes in scope of work and claims and variations.

The Company has incorporated significant judgements over contractual entitlements. The range of potential outcomes could result in a materially positive or negative change to underlying profitability and cash flow.

Estimates are also required with respect to the below mentioned aspects of the contract :

- Determination of stage of completion
- Estimation of project completion date
- Provisions for foreseeable losses
- Estimated total revenues and estimated total costs to completion, including claims and variations.

These are reviews at each reporting date and adjust to reflect the current best estimates

Revenue and costs in respect of contracts are recognized by reference to the stage of completion of the contract activity at the end of reporting period, measured based on proportion of contract costs incurred for work performed to the date relative to the estimated total contract costs, where this would not be representative of stage of completion. Variations in contract work and claims are included to the extent that amount can be measured reliably, and receipt is considered probable. When it is probable that contract costs will exceed total contract revenue, the expected loss is recognized as an expense immediately.

3 Deferred Tax Assets (Net) and Tax expense

A) The major components of income tax expense for the period 06th January 2022 to 31st March 2023 are: -

Particulars	For the period from 06th January 2022 (Date of incorporation) to 31st March 2023
Current income tax	
Current income tax charge	0.11
Deferred tax	
Relating to origination and reversal of temporary differences	(0.04)
Income tax expense reported in the statement of Profit and Loss	0.07

B) The reconciliation of tax expense and the accounting profit multiplied by India's domestic tax rate for the period 06th January 2022 to 31st March 2023 are :

Particulars	For the period from 06th January 2022 (Date of incorporation) to 31st March 2023
1. Profit/(Loss) before tax	(0.05)
2. Corporate tax rate as per Income tax Act, 1961	25.17%
3. Tax on accounting profit	-
4. Effect of tax adjustments	
(i) Tax on expenses:	
(a) Pre-incorporation expenses:	0.11
(a) Penalty for late payment of statutory dues:	-
(ii) Deferred tax expenses / (income)	(0.04)
Total effect of tax adjustments	0.07
5. Income tax expense reported in the statement of profit and loss (3+4)	0.07
6. Effective tax rate 6 = 5/1	0.00%

(c) Terms/ rights attached to equity shares

(i) Voting

The Company has only one class of equity shares having a par value of 10 per share. Each holder of equity share is entitled to one vote per share.

(ii) Liquidation

In the event of liquidation of the Company, the holders of equity shares will be entitled to receive remaining assets of the Company, after distribution of all preferential amounts. The distribution will be in proportion to the number of equity shares held by the shareholders.

(iii) Dividend

The dividend proposed by the Board of Directors is subject to the approval of the shareholders in ensuing Annual General Meeting.

(d) Details of shareholders holding more than 5% shares in the Company:

Particulars	As at 31st March, 2023	
	No. of Shares	% holding in the class
Equity Shares of Rs. 10 each fully paid Ireon International Limited and its nominees*	50,000	100%

(e) Holding Company *M/s Ireon International Limited* is public sector construction company, holding 100% Equity Share of the company.

7 Other Equity

Particulars	As at 31st March, 2023
Retained Earnings	(0.12)
Deemed/Quasi Equity (Interest free Loan from Ireon)	672.50
Total	672.38

i) Movement as per below:

Retained Earnings

Particulars	As at 31st March, 2023
Opening Balance	-
Transfer from surplus in statement of profit and loss	(0.12)
Closing Balance	(0.12)

Deemed/Quasi Equity

Particulars	As at 31st March, 2023
Opening Balance	-
Receipt of Quasi Equity	672.50
Closing Balance	672.50

ii) Nature and Purpose:

Retained Earnings

Retained Earnings represents the undistributed profits of the Company.

Quasi Equity

Quasi Equity represents equity contribution from the Holding Company in form of interest free loan. The Company does not have any repayment obligation and are defined as "Equity" in the concession agreement with NHAI. Accordingly, these are considered to be in the nature of equity instruments.

18 Earnings per share (EPS)

Disclosure as per Ind AS 33 'Earnings per share'

(a) Basic EPS is calculated by dividing the profit for the year attributable to equity holders by the weighted average number of equity shares outstanding during the period.

(b) Diluted EPS is calculated by dividing the profit for the period attributable to the equity holders after considering the effect of dilution by weighted average number of equity shares outstanding during the period plus the weighted average number of equity shares that would be issued on conversion of all the dilutive potential equity shares into equity shares.

(i) Basic and diluted earnings per share (in Rs.)

Particulars	Note	For the period from 06th January 2022 (Date of incorporation) to 31st March 2023
Profit attributable to Equity holders (Rs. in lakhs)	(ii)	(0.12)
No. of equity shares		50,000.00
Weighted average number of equity shares for Basic and Diluted EPS (In Numbers)	(iii)	50,000.00
Earnings per share (Basic)		(0.24)
Earnings per share (Diluted)		(0.24)
Face value per share		10.00

(ii) Profit attributable to equity shareholders (used as numerator) (Rs. in lakhs)

Particulars	For the period from 06th January 2022 (Date of incorporation) to 31st March 2023
Profit for the year as per Statement of Profit and Loss	(0.12)
Profit attributable to Equity holders of the company used for computing EPS	(0.12)

(iii) Weighted average number of equity shares (used as denominator) (Nos.)

Particulars	For the period from 06th January 2022 (Date of incorporation) to 31st March 2023
Opening balance of issued equity shares	-
Equity shares issued during the period	50,000.00
Weighted average number of equity shares for computing Basic EPS	50,000.00
Dilution Effect:	
Add: Weighted average numbers of potential equity shares outstanding during the year	-
Weighted average number of equity shares for computing Diluted EPS	50,000.00

Note: Weighted average number of equity shares is the number of shares outstanding from the date of incorporation adjusted by the number of equity shares issued during the period multiplied by the time weighting factor. The time weighting factor is the number of days for which the specific shares are outstanding as proportion of total number of days during the period.

(d) Commitments

Estimated amount of contracts remaining to be executed on capital account (Net of advance) and not provided for is Nil. Other Commitments as on 31st March 2023 is Rs 1,29,750.83 Lakhs.

21 Segment Reporting

(i) General Information

Operating segments are defined as components of an enterprise for which discrete financial information is available which is being evaluated regularly by the Chief Operating Decision Maker (CODM) in deciding how to allocate resources and assessing performance. The Board of Directors of the Company is the Chief Operating Decision Maker (CODM). The Company is engaged in the business of infrastructure development in the state of Maharashtra and the Chief Operating Decision Maker (CODM) monitors the operating results of the business as a single segment, hence no separate segment needs to be disclosed in accordance with the requirements of Ind AS 108.

(ii) Information about geographical information

As the Company operates in a single geographical segment i.e. India, hence no separate geographical segment is disclosed.

(iii) Information about major customer

During the year ended March 31st, 2023, Revenue of Rs. 2662.41 Lakhs are derived from a single customer i.e. NHAI which is more than 10% of the Company's total revenue.

22 Financial Risk Management

The Company's principal financial liabilities comprise trade payables and other payables. The main purpose of these financial liabilities is to finance the Company's operations. The Company's principal financial assets include receivables and cash and short-term deposits. The Company is exposed to the following risks from its use of financial instruments: Credit risk, Liquidity risk and Market risk. This note presents information about the Company's exposure to each of the above risks, the Company's objectives, policies and processes for measuring and managing risk.

Risk Management Framework

The Company's activities make it susceptible to various risks. The Company has taken adequate measures to address such concerns by developing adequate systems and practices. The Board of Directors has overall responsibility for the establishment and oversight of the Company's risk management framework.

a) Credit Risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations resulting in a financial loss to the Company. Credit risk arises principally from trade receivables, cash and cash equivalents with banks and other financial assets. The Company's exposure and credit ratings of its counterparties are continuously monitored by the management.

Cash and cash equivalents

The Company held cash and cash equivalents of Rs. 4.86 lakhs. The cash and cash equivalents are held in public sector banks with strong credit ratings.

Other financial assets

The Company's exposure to credit risk is influenced mainly by the characteristics of the customer. The demographics of the customer, including the default risk of the industry and country in which the customer operates, also has an influence on credit risk assessment. The Company derives revenue primarily from the Construction of Expressway and other financial assets primarily relates to the unbilled revenue under Service Concession Arrangement (SCA). The credit risk arising from these trade receivables and unbilled revenue is limited because the counterparty is National Highways Authority of India (NHAI), an autonomous agency of Government of India, with capacity to meet the obligations and therefore, the risk of default is very negligible or Nil.

(i) Exposure to credit risk

	(Rs. In Lakhs)
Particulars	31-Mar-23
Financial Assets for which allowance is measured using life-time expected credit loss as per simplified approach	
Cash and Cash Equivalents	4.86
Financial Assets for which allowance is measured using life-time expected credit loss as per Simplified Approach	
Trade Receivable	-
Unbilled revenue	2,662.41
Total	2,667.27

(ii) Summary of change in loss allowances measured using Simplified approach

	(Rs. In Lakhs)
Particulars	31-Mar-23
Opening Allowances	-
Impairment loss recognised during the period	-
Amount written-off during the period	-
Closing Allowances	-

During the year, the Company has recognised loss allowance of Nil.

Summary of change in loss allowances measured using Lifetime Expected Credit Losses (LECL) approach

	(Rs. In Lakhs)
Particulars	31-Mar-23
Opening Allowances	-
Impairment loss recognised during the period	-
Amount written-off during the period	-
Closing Allowances	-

During the year, the Company has recognised loss allowance of Nil.

b) Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation. Liquidity position of the Company is reviewed on a regular basis by the Board of Directors and appropriate decisions are taken according to the situation.

The table below provides details regarding the significant financial liabilities as at 31 March 2023

(Rs. In Lakhs)

Particulars	As at 31 March 2023		
	Less than 1 Year	1-2 Years	2 years and above
Trade Payables	2,179.19	-	-
Other Financial Liabilities	200.34	-	-

c) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instruments will fluctuate because of changes in market prices. Market risk comprises Foreign currency risk and interest rate risk. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return. The Board of Directors is responsible for setting up of policies and procedures to manage market risks of the Company.

(i) Currency risk

The Company operates in India only and the functional currency of the Company is also Indian Rupees. The Company has no transaction in currency other than functional currency and therefore, the Company is not exposed to foreign currency risk.

(ii) Interest rate risk

Interest rate risk is the risk that the fair value or the future cash flows of a financial instrument will fluctuate because of changes in market interest rates. At the reporting date, the Company has no interest-bearing financial instruments.

23 Fair Value Measurements**a) Financial instruments by category**

Particulars	As at 31st March, 2023		
	FVTPL	FVTOCI	Amortised Cost
Financial Assets at Amortized Cost			
(i) Cash and cash equivalents	-	-	4.86
(ii) Other current financial assets	-	-	2,662.41
	-	-	2,667.27
Financial Liabilities at Amortized Cost			
(i) Trade Payables	-	-	2,179.19
(ii) Other financial liabilities	-	-	200.34
	-	-	2,379.53

b) Fair value hierarchy

Financial assets and financial liabilities are measured at fair value in these financial statements and are grouped into three levels of a fair value hierarchy. The three levels are defined based on the observability of significant inputs to the measurement, as follows:

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3: Unobservable inputs for the asset or liability.

c) Carrying value and Fair value of financial assets and liabilities as at 31st March 2023

Particulars	Carrying Value	Fair Value		
		Level-1	Level-2	Level-3
Financial Assets at Amortized Cost				
(i) Cash and cash equivalents	4.86	-	-	4.86
(ii) Other current financial assets	2,662.41	-	-	2,662.41
	2,667.27	-	-	2,667.27
Financial Liabilities at Amortized Cost				
(i) Trade Payables	2,179.19	-	-	2,179.19
(ii) Other financial liabilities	200.34	-	-	200.34
	2,379.53	-	-	2,379.53

The management assessed that fair value of cash and cash equivalents, trade payables, and other current financial assets / liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments. The fair value of the financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties.

24 Capital Management

The Company's objective to manage its capital in a manner to ensure and safeguard their ability to continue as a going concern so that the Company can continue to provide maximum returns to shareholders and benefit to other stakeholders and also to maintain an appropriate capital structure of debt and equity. The capital structure of the company is based on management's judgement of its strategic and day-to-day needs with a focus on total equity so as to maintain investor, creditors and market confidence. The management and the Board of Directors monitor the return on capital. The Company may take appropriate steps in order to maintain, or if necessary adjust, its capital structure.

Further, the Company manages its capital structure to make adjustments in light of changes in economic conditions and the requirements of the financial covenants.

25 Revenue**A. Disaggregation of Revenue**

Having regard to the nature of contract with customer, there is only one type of category of revenue:

Type of Product or Services	For the period from 06th January 2022 (Date of incorporation) to 31st March 2023				
	Revenue as per Ind AS 115	Method for measuring performance obligation		Other Revenue	Total as per Statement of Profit and Loss
		Input Method	Output Method		
Highway	2,662.41	2,662.41	-	-	2,662.41
Total	2,662.41	2,662.41	-	-	2,662.41

The revenue of Rs 2662.41 Lakhs is recognised over a period of time.

B. Contract balances

Particulars	As at 31st March, 2023
Contract Assets (Note 4.2)	2,662.41
Contract liability	-

- i) Contract Assets are recognised over the period in which services are performed to represent the Company's right to consideration in exchange for goods or services transferred to the customer. It includes balances due from customers under construction contracts that arise when the Company receives payments from customers as per terms of the contracts however the revenue is recognised over the period under input method. Any amount previously recognised as a contract asset is reclassified to trade receivables on satisfaction of the condition attached i.e. future service which is necessary to achieve the billing milestone.

Movement in contract balances during the period

Particulars	As at 31st March, 2023
Contract asset at the end of the year	2,662.41
Net increase/(decrease)	2,662.41

For the period 06 January 2022 to 31 March 2023, there has been net increase of Rs. 2662.41 Lakhs due to recognition of revenue based on input method whereas bills for workdone are certified based on contract condition.

- ii) Contract liabilities relating to construction contracts are balances due to customers, these arise when a particular milestone payment exceeds the revenue recognised to date under the input method and advance received in long term construction contracts. The amount of Advance received gets adjusted over the construction period as and when invoicing is made to the customer.

Particulars	As at 31st March, 2023
Contract liabilities at the end of the year	-
Net increase/(decrease)	-

C. Set out below is the amount of revenue recognised from:

Particulars	As at 31st March, 2023
Amount included in contract liabilities at the beginning of the period	-
Performance obligation satisfied in previous period	-

D. Cost to obtain the contract

The Company has not incurred any incremental costs of obtaining contracts with a customer and therefore, not recognised an asset for such costs.

E. Transaction price allocated to the remaining performance obligations:

The transaction price for remaining performance obligations shall be received over the contract period in proportion of the work performed/services provided by the Company.

The following table shows unsatisfied performance obligations resulting from long-term construction contracts:

Particulars	As at 31 March 2023**
Within one year	49,226.10
More than one year to 2 years	74,333.08
More than 2 years	17,505.45
Total	1,41,064.63

**The amount disclosed above does not include variable consideration which is constrained.

* As the financial statements are prepared for the first time, the percent change in the ratio & reason for change does not apply.

Iron Bhoj Morbe Expressway Limited

CIN:- U45203DL2022GOI392148

Notes to financial statements for the period from 06th January 2022 to 31st March 2023

(All amounts in Indian Rupees Lakhs unless otherwise stated)

32 Recent pronouncement

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time on March 31, 2023. MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2023 as below:

Ind AS 1- Presentation of Financial Statements - This amendment requires the entities to disclose their material accounting policies rather than their significant accounting policies. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2023. The Company has evaluated the amendment and the impact of the amendment is insignificant in the standalone financial statements.

Ind AS 8- Accounting Policies, Changes in Accounting Estimates and Error - This amendment has introduced a definition of 'accounting estimates' and included amendments to Ind AS 8 to help entities distinguish changes in accounting policies from changes in accounting estimates. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2023. The Company has evaluated the amendment and there is no impact on its standalone financial statements.

Ind AS 12 - Income Taxes - This amendment has narrowed the scope of the initial recognition exemption so that it does not apply to transactions that give rise to equal and offsetting temporary differences. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2023. The Company has evaluated the amendment and there is no impact on its standalone financial statement.

33 Other disclosures

- (i) The Iron Bhoj Morbe Expressway limited was incorporated on 06th January 2022 as a wholly owned subsidiary of Iron International Limited. This is the first financial statement for the period from 06th January 2022 to 31st March 2023 and hence corresponding figures of the previous year are not provided.
- (ii) The company has entered into loan agreement for Rs. 823.39 Crore to finance the project from Bank of Baroda on 31.08.2022, however, the Company has not availed the sanctioned credit facility for the period from 06th January 2022 to 31st March 2023. NHAI has noted the Financial Closure on 30.08.2022 and the Company has received 'Appointed Date' i.e. 19.01.2023.
- (iii) There is no change in the authorised and issued share capital of the Company during the year. However, the Promoter Company, Iron International Limited in its 285th Board Meeting held on 6th April, 2023, has approved the modification of capital structure of the Company to increase the equity capital contribution by Rs.20.38 crore and reduce the Quasi-Equity (Interest Free Loan) with equivalent amount as per Lender Banks's Sanctioned term. Thus, there will be no additional financial implication on Promoter Company. Accordingly, the company will take necessary action to increase the authorised share capital to enable the company to increase its paid up share capital as per Lender Banks's Sanctioned term.
- (iv) The Company has a system of obtaining periodic confirmation of balances from banks and other parties. So far as trade/other payables and loans and advances are concerned, the balance confirmation letters were sent to the parties. Balances of some of the Trade Receivables, Other Assets, Trade and Other Payables are subject to confirmations/reconciliations and consequential adjustment, if any. Reconciliations are carried out on on-going basis. However, management does not expect to have any material financial impact of such pending confirmations / reconciliations.
- (v) In the opinion of the management, the value of assets on realisation in the ordinary course of business, will not be less than the value at which these are stated in the Balance Sheet.
- (vi) **Covid -19 Disclosure**
The Company has considered the possible effects that may result from Covid-19 in the preparation of its financial results including the recoverability of carrying amounts of financial and non-financial assets. In developing the assumptions relating to the possible future uncertainties in the global economic conditions because of Covid-19, the Company has used internal and external sources of information and expects that the carrying amount of the assets will be recovered. The actual impact of this global health pandemic may be different from that which has been estimated, as the Covid-19 situation evolves in India and globally. However, the Company will continue to closely monitor any material changes to future economic conditions.
- (vii) Figures rounded off to the nearest rupees in Lakh.

COMMENTS OF THE COMPTROLLER AND AUDITOR GENERAL OF INDIA UNDER SECTION 143(6) (b) OF THE COMPANIES ACT, 2013, ON THE FINANCIAL STATEMENTS OF IRCON BHOJ MORBE EXPRESSWAY LIMITED FOR THE YEAR ENDED 31 MARCH 2023

The preparation of financial statements of Ircon Bhoj Morbe Expressway Limited for the year ended 31 March 2023 in accordance with the financial reporting framework prescribed under the Companies Act, 2013, is the responsibility of the management of the Company. The Statutory Auditor appointed by the Comptroller and Auditor General of India under Section 139 (7) of the Act is responsible for expressing opinion on the financial statements under Section 143 of the Act, based on independent audit in accordance with the standards on auditing prescribed under Section 143(10) of the Act. This is stated to have been done by them vide their Audit Report dated 12 May 2023.

I, on behalf of the Comptroller and Auditor General of India, have decided not to conduct supplementary audit of the financial statements of Ircon Bhoj Morbe Expressway Limited for the year ended 31 March 2023 under Section 143 (6)(a) of the Act.
