Kim sounds alarm over warning of ‘Great Crisis’

BLOOMBERG June 30

NORTH KOREAN LEADER Kim Jong Un’s “grave situation” over a suspected cholera outbreak, which has drawn international concern, has not eased, the state news agency said, even as North Korea prepared for a military parade.

The news comes as the country’s new leader, Kim Jong Un, who took power after his father’s death in 2011, has been in the spotlight for months due to speculation about his health.

North Korea has been hit by a series of disasters in recent months, including floods that killed thousands of people and destroyed homes, and an outbreak of cholera that has claimed dozens of lives.

Kim Jong Un, who is also the leader of the Workers’ Party, has faced growing pressure from international sanctions and isolation, which has led to widespread food shortages and economic hardship.
